Are you looking for an investment that can offer long-term growth potential and protection?

InvestmentPlus is an attractive solution for investors seeking an industry-leading selection of award winning investment funds from top fund managers with the added benefit of protection features only available through a segregated fund contract.

InvestmentPlus combines these key features and benefits to help build and protect your wealth

FAMILY OF AWARD-WINNING FUNDS

Investors can choose from among more than 80 carefully selected funds – many with top industry awards. InvestmentPlus offers a full spectrum of funds in various asset classes, from fixed income to specialty equity. Plus you have access to many of Canada's top fund managers.

FLEXIBILITY

You have the ability to move between funds and fund managers, should your needs or preferences change¹. You can also access your savings at any time (fees may apply). In addition there are multiple sales charge options available: Front-end (FE), Low-load (LL), Back-end (BE) and F-class.

CREDITOR PROTECTION

InvestmentPlus has the potential to protect your assets from creditors. This feature is ideal for professionals and small business owners looking to help protect their personal assets from professional liability.

ACCESS TO OTHER SERIES

As you move closer to retirement, you have the ability to move into the IncomePlus Series in order to help achieve the retirement lifestyle you want, or the EstatePlus Series to help protect your legacy for loved ones².

GUARANTEES AND FEES

Maturity Guarantee – on December 31st of your 100th year (or earlier where required by legislation) you are guaranteed 75% of all deposits made (reduced proportionally by withdrawals) even after market downturns.

Death Benefit Guarantee – in the event of death, your beneficiaries are guaranteed to receive the greater of the market value or the Death Benefit Guarantee (75% of all deposits made, reduced proportionally by withdrawals).

No annual fee outside of the fund MER.

¹ Moving across sales charge options may incur charges. Withdrawals, fund switches or switching investment Series may result in tax consequences. ² When moving to a new Series, new product information, forms and signatures are required.

ABILITY TO BYPASS PROBATE

In the event of death, the proceeds of your contract can privately¹ pass directly to your designated beneficiaries, without the delay and expense of probate.

Ensuring the smooth transfer of investment proceeds to beneficiaries can be a challenge for a number of reasons:

- Time – the process of obtaining probate can be lengthy, frequently taking months or even years if the will is challenged
- Probate and estate fees may significantly erode the value of an estate, diminishing the amount of money beneficiaries receive
- The probate process leaves the details of an estate open to public scrutiny
- Finally, it can be a very emotional process

GIF Select offers the ability to name a beneficiary(ies). When a beneficiary other than your estate is named,

the proceeds of the contract bypass your estate, and therefore probate, and are paid directly to the beneficiary, helping to eliminate some of the mentioned challenges. In addition, any Deferred Sales Charges outstanding upon death will be waived.

INVESTMENT MANAGEMENT

Investment Management Services (IMS) is staffed by a uniquely qualified global team of professionals dedicated to constructing best-in-class investment platforms. Using a stringent selection and review process called i-Watch®, the IMS team seeks to identify funds and fund managers that have potential over the long-run to:

- Deliver strong results through a variety of market cycles
- Adhere to their value proposition

With **i-Watch®** a process exclusive to Manulife, we ‘manage the fund managers’ for you to make sure each fund stays true to its style and mandate over time.

Probate does not apply in Quebec. For investors in Quebec, the term probate is intended to refer to the administrative process and expense of settling your estate

¹ In Saskatchewan, jointly held property and insurance policies with a named beneficiary are included on the application for probate despite the fact that these assets do not flow through the estate and are not subject to probate fees.

Top Canadian fund managers and award-winning funds

Because the opportunity for growth is so important, we've made the InvestmentPlus fund line up the most robust within GIF Select. More than just choice, you also benefit from quality – many funds have an underlying investment boasting top Morningstar Star Ratings or

the prestigious Lipper Fund Award. From the unique Manulife Advantage GIF Select Fund to specialty equity funds, InvestmentPlus offers what you need to build your wealth.

The InvestmentPlus opportunity

Investors can take advantage of other benefits available within their GIF Select contract by combining the InvestmentPlus Series with other Series.

For example, by combining InvestmentPlus and IncomePlus within one contract, investors benefit

from the liquidity offered by InvestmentPlus and the predictable, sustainable, and potentially increasing income available from IncomePlus. When accessing savings from InvestmentPlus, perhaps for an emergency or for an unforeseen expense, the income stream from IncomePlus is not negatively impacted.*
